Second Ward Complete Communities Action Plan

Complete Communities is about improving neighborhoods so that all of Houston's residents and business owners can have access to quality services and amenities. It's about working closely with the residents of communities that haven't reached their full potential, understanding their strengths and opportunities, and collaborating with partners across the city to strengthen them.

Implementation of the Action Plan will be a partnership between numerous departments at the City of Houston, community leaders, residents, and other partners.
